Issue 9 The Transcommunist X-rayed Paper January 91

Essa moca esta diferente...

Note from the staff :

Well, after several months of waiting, you can finally have the incommensurable happiness to read the most slanderous, libellous magazine ever, and moreover proud to be like this.

It was fuckin' hard to find the laser-printer, a descent computer, someone enough crazy to type all pages (me!), and get a free-time from Hobbit for drawing those still kickin' toons which will make him still loved by GP, Legend and some new-comers.

The CCCP lock has changed, like the country itself! But who cares, the reason why everybody says CCCP is number one is that CCCP is the only one which tells the scene like it is. If you just don't like it anyway, don't read it! (Hi Franck).

Alright, the time has come for you to turn the page, and get amazed by the content, and remember, he who seaps the wind shall reap the whirlwind...

THE LAMEST OF THE LAME

By Joker of NATO

This the story of the Womble, the biggest lame-brain ever in Ireland. Womble was always a loser at everything. He had no friends and no one to talk to. One day, John found the adress of a very elite guy called Spooky, and so they formed a group. Then John got in contact with me (Joker). At this stage, I was in TNT. John's head began to get fatter than what it actually was and he started to say shit about TNT. The typical things like TNT can't train for shit, Mantis is a lazy fuck etc. Mantis didn't know about this cause he isn't in touch with the scene. Spooky left Womble's group. Spooky then joined NATO. Womble got very upset when he heard this and he asked Spooky could he join NATO but Spooky told him fuck off. A few months later, Tiger + Macro-Nit came to Ireland and I went up to Spooky's home one night and we all got drunk drinking irish whiskey and I joined NATO then (note from the staff: Does it mean you've to be drunk to join NATO, eh?). When Womble heard this, he got very pissed off. At this stage, he was in Xentrix. Punisher of Xentrix left and joined G&P. I was wondering why Punisher didn't write back to me then Green-Beret of TNT wrote me and told me everything. He said Womble was spreading shit about NATO and TNT. He said to Spooky that I was saying he was in G&P. So Womble, you better shut up and stop spreading so much bullshit. That is the story of the Womble of Xentrix but he won't be Womble for very long cause if Spooky or me see him, we're going to blow the fat bastards to bits. go with a smile turnip.

THE PARTY IN YUGOSLAVIA

By LKJ

Que Paso? The guyz who missed this party can be called 'Budala'! Because there woz a lot of sex, sand, sun, vodka and fun. Just take a

according to Markiz and Alf, impossible to find out in this town, destroying this damn lamer called Espresso...REAL WILD AND CRAZY HOLYDAYS...Here are the comments for the photos:

A) Those 2 clowns weren't there but in Bergen, photo taken by Resel. As you can see, those 2 uneducated peasants just know one use for paper. On right: Cyberpunk / G*P, on

najboljal

G) Slajena and Dule, carousing time again.

H) This wellknown snooker player, one of the five best of the land, is also Markiz of Transcom. I) Milan and Maja (no mistakes?). J) Carousing and wenching, I can't remember all names because at this stage, I woz fully drunk.

K) The best photo overall, I entered noiselessly in the room and taken it. How do you feel seeing the Gray/Transcom's ass? If you look carefully, you could see some schnap close to the bed, and guess where is the girl's hand?

L) Transcom against Legend. Anyway you know who has won... If you want to know who's Tcom, who's [L], just look who has got the vodka bottle.

M) Pezo and his babe, riding the deer and drinking the beer (Jelen pivo rulez...).

THE GIRLS AND THE DRINKS
CAN'T FOLLOW US IN OUR
MADNESS

look at those pictures and you'll find how big it could have been I'd like to underline the fact that when Chromance was out, the party was in... They left some days later and then came the real 'boozing and baising'. We've done some 'operation commando' like soccer at 5am, swimming at 6am in the coldest lake ever, bringing some virgins (I'm not speaking about Shadow/Legend or Jean-Claude/Ex-leader of the Band and now in Angels...) in the camp though it was,

left Goblin/G*P.

B) The famous lake on the party place, where so many lamers were thrown in...

C) Characteristic kind of babes, who makes this country so welcoming.

D) The party place itself. More than 250 quartering available, 2 soccer field, wide beach bathed in sunlight...

E) 2 of the coolest girls around, Bjanka and Tamara, crossing the town...

F) 4 dudes at the Rada's birthday party. Featuring Milan and Kule, Yep Srbija je

Not much to say here in the states.. The only originals being cracked are by NEC and TSM (back from a 6 month vacation from the scene).

Most of whats come out here original wise has been adventure games, but at least 30 releases are slated to appear here by christmas... Import wise, RANDOM in co-op with DOMINATORS totally dominate the scene... THE SURVIVORS tried to make a comeback after reappearing on the USA scene after a 2 years absence... INC is also trying for a comeback as well, after taking in what remained of the failed NAPALM and SURVIVORS... TSM, DESTINY, DEMONIX and EXODUS are the only other import groups to have released anything in the last 3 months... DESTINY is a new importing group containing x-members of the old RFO and EXCALIBUR after a 4 month absence is also trying to make a comeback...

Demo-wise in the USA, LORDS have released one 3 page demo to prove they aren't dead, and also a ntsc'd version of fli with their own (and easier to use) editor. HAVOK have been promising a 2 disk mega demo for 6 months now, it is assumed it will be vaporware, but with the the demise of VENOM, HAVOK have picked up almost all x-VENOM members... SHADE DESIGNS after a 3 month absence will be releasing a full disk mega demo and another issue of their quarterly disk mag, 'Point of View'. SHADE DESIGNS is also working on an arcade conversion of sorts of a demolition derby auto race type game, due out hopefully after X-mas... The only other demo group doing something is the USA/Canadian group EVIL, who

JSR #\\$23¢3
LDA \$ 01
STA #\\$00¢2¢

have released four 4-6 page demos in the last three months...

came, both warez and demos wise..

After a slow summer, it looks as if the USA scene will be picking up as Christmas

HOT DOGS AT CONEY ISLAND!

DEAR OM G...

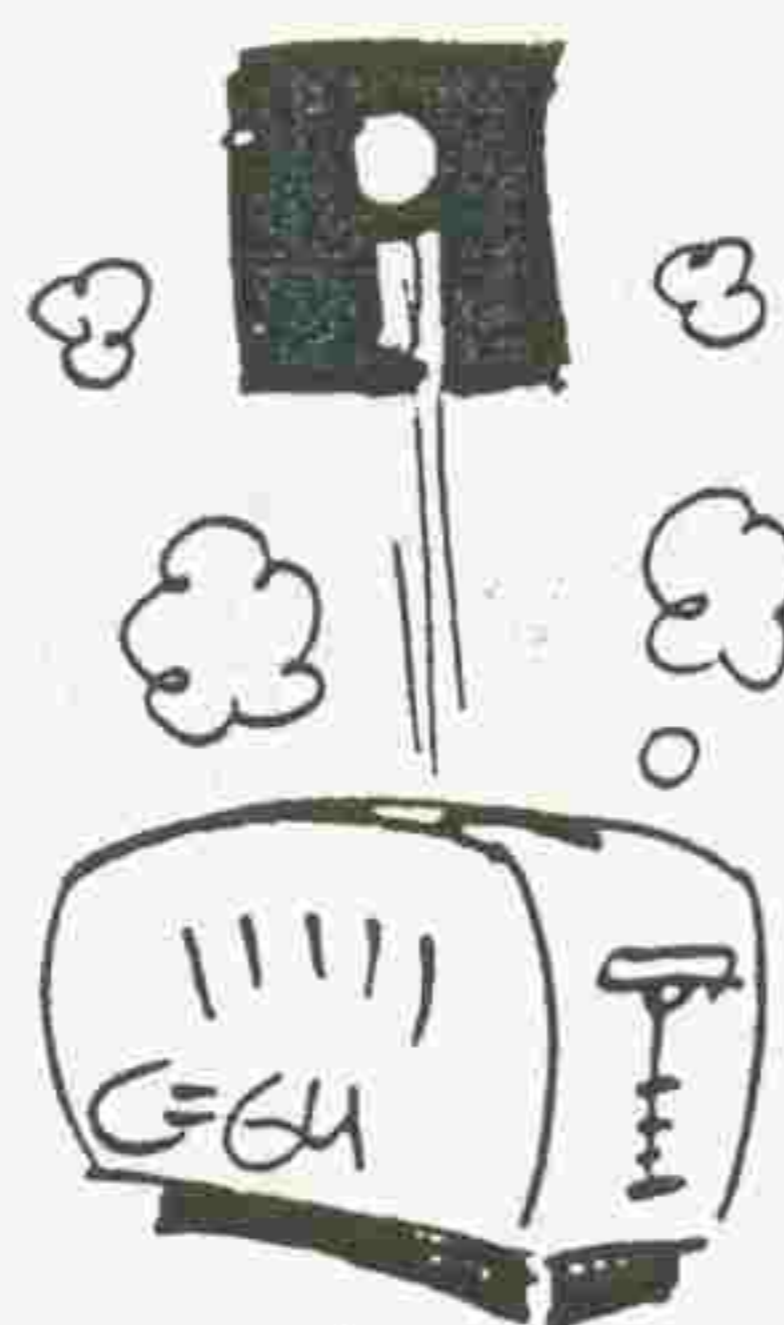

Again you had to lie in your losing mag... When you write "LKJ still does not pay Antichrist for his bet", do you know why at least? Of course you don't. First I wanna say I don't receive Sex'n'Crime anymore, though I'm still swapping with Antichrist and receive the GP's cracks, 'don't know if he's scared or what. But anyway if I don't pay that's for the simple reason

Antichrist said he accepted my bet JUST AFTER THE PARTY, WHEN HE HAS KNOWN THERE WERE NOT 200 PEOPLE!!! By the way I can't say that without any proof, but bad luck for you I have two witnesses, and what 2 witnesses, 2 members of GP itself, hard to know hum?

* One of our ex-member who went for GP knows by Goblin that, if Antichrist hasn't react,

that's because he woz on holidays, so how could he answers?

* But he answered anyway, after the party was over, fair eh, Franck were you not afraid to take so much risks??? A proof, easy: I called my brother some days before I went back home, having been there 3 weeks more. He told me he got your letter (very funny Franck), and even shows it to this ex-member I was speaking about previously (there's no need for publicity and Goblin knows him, so.).

CENSOR: TOASTER CRACKERS!
THE REASON FOR NOT WORKING
CRACKS ...

So OM G, do you think everybody will always believe you, whatever you write. Who do you expect to convince, just count all your supposed friends. Even those ones are just ass lickers, the kind of cretins who have just got as free-time sending you their vote sheets, writing "your mag is cool, Dick left PUSSY and entered in ASS but Finger is still in PUSSY..."

And what are you gonna do now? Have a little vengeance in your mag? Then have the guts to send it me, like I do to all people I'm slaggin' off in CCCP (Yoho Legend, I.T), even if I'm not swapping with. LKJ

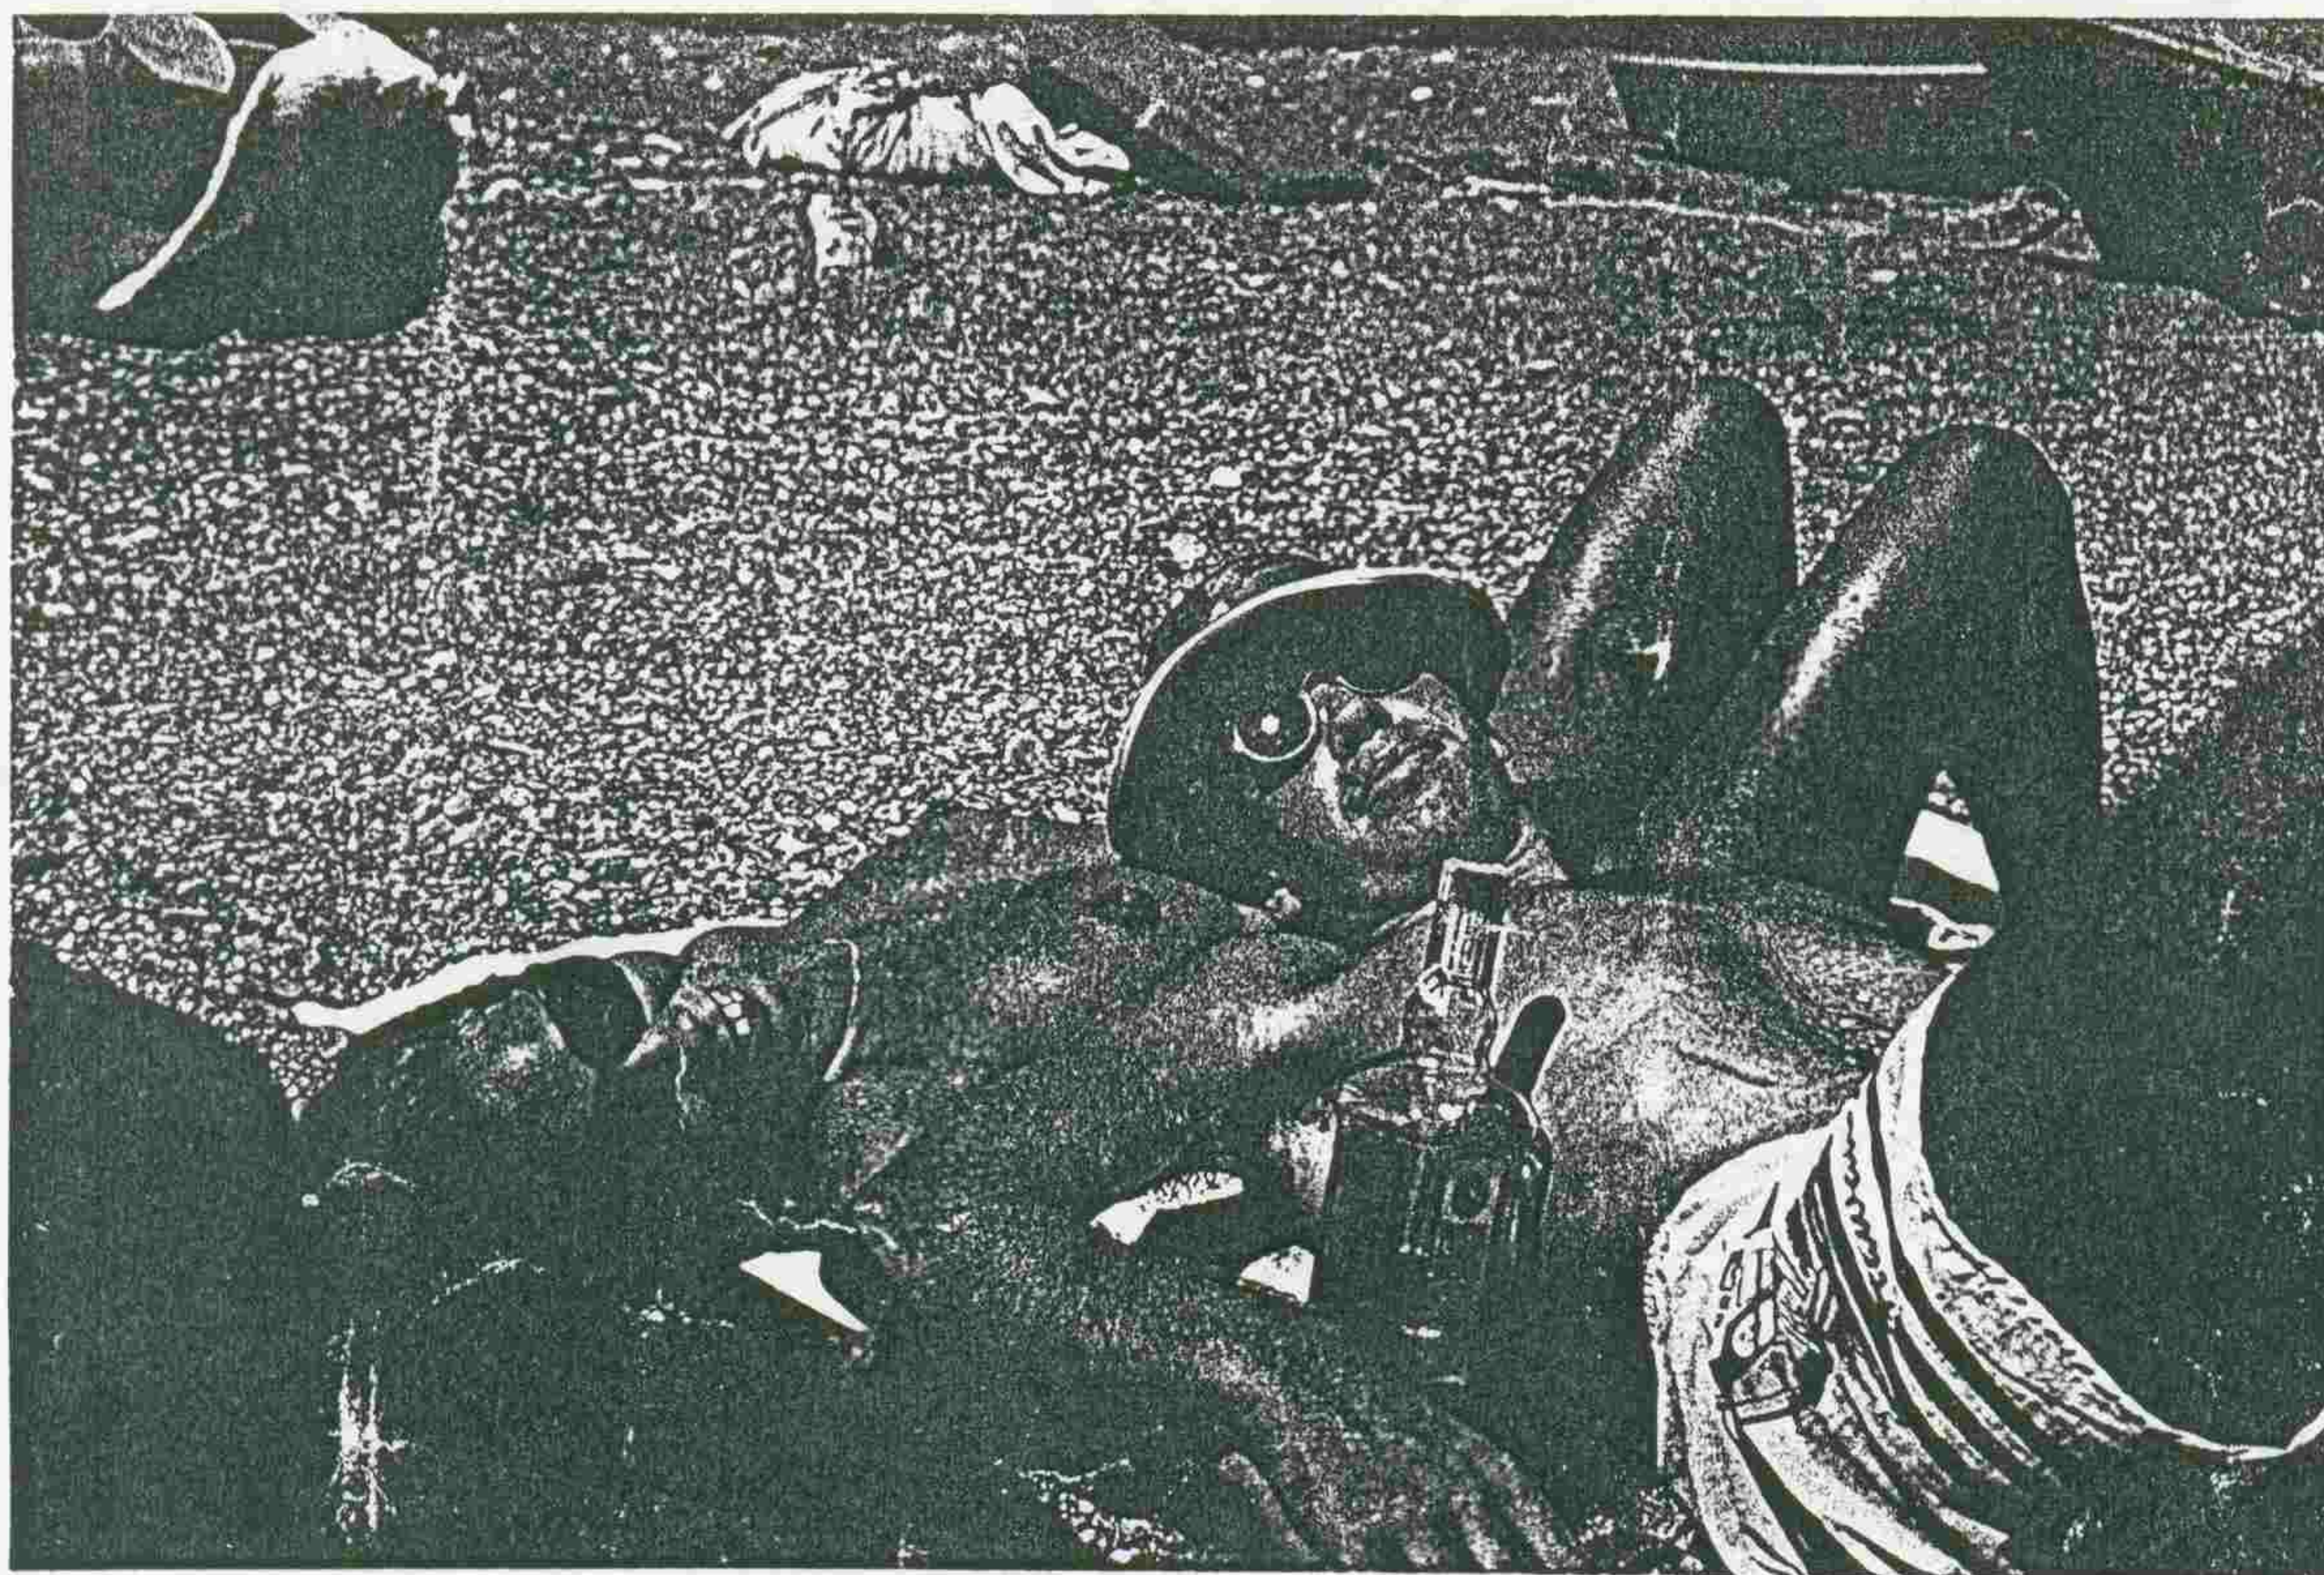

GET A LIFE

BY LRU

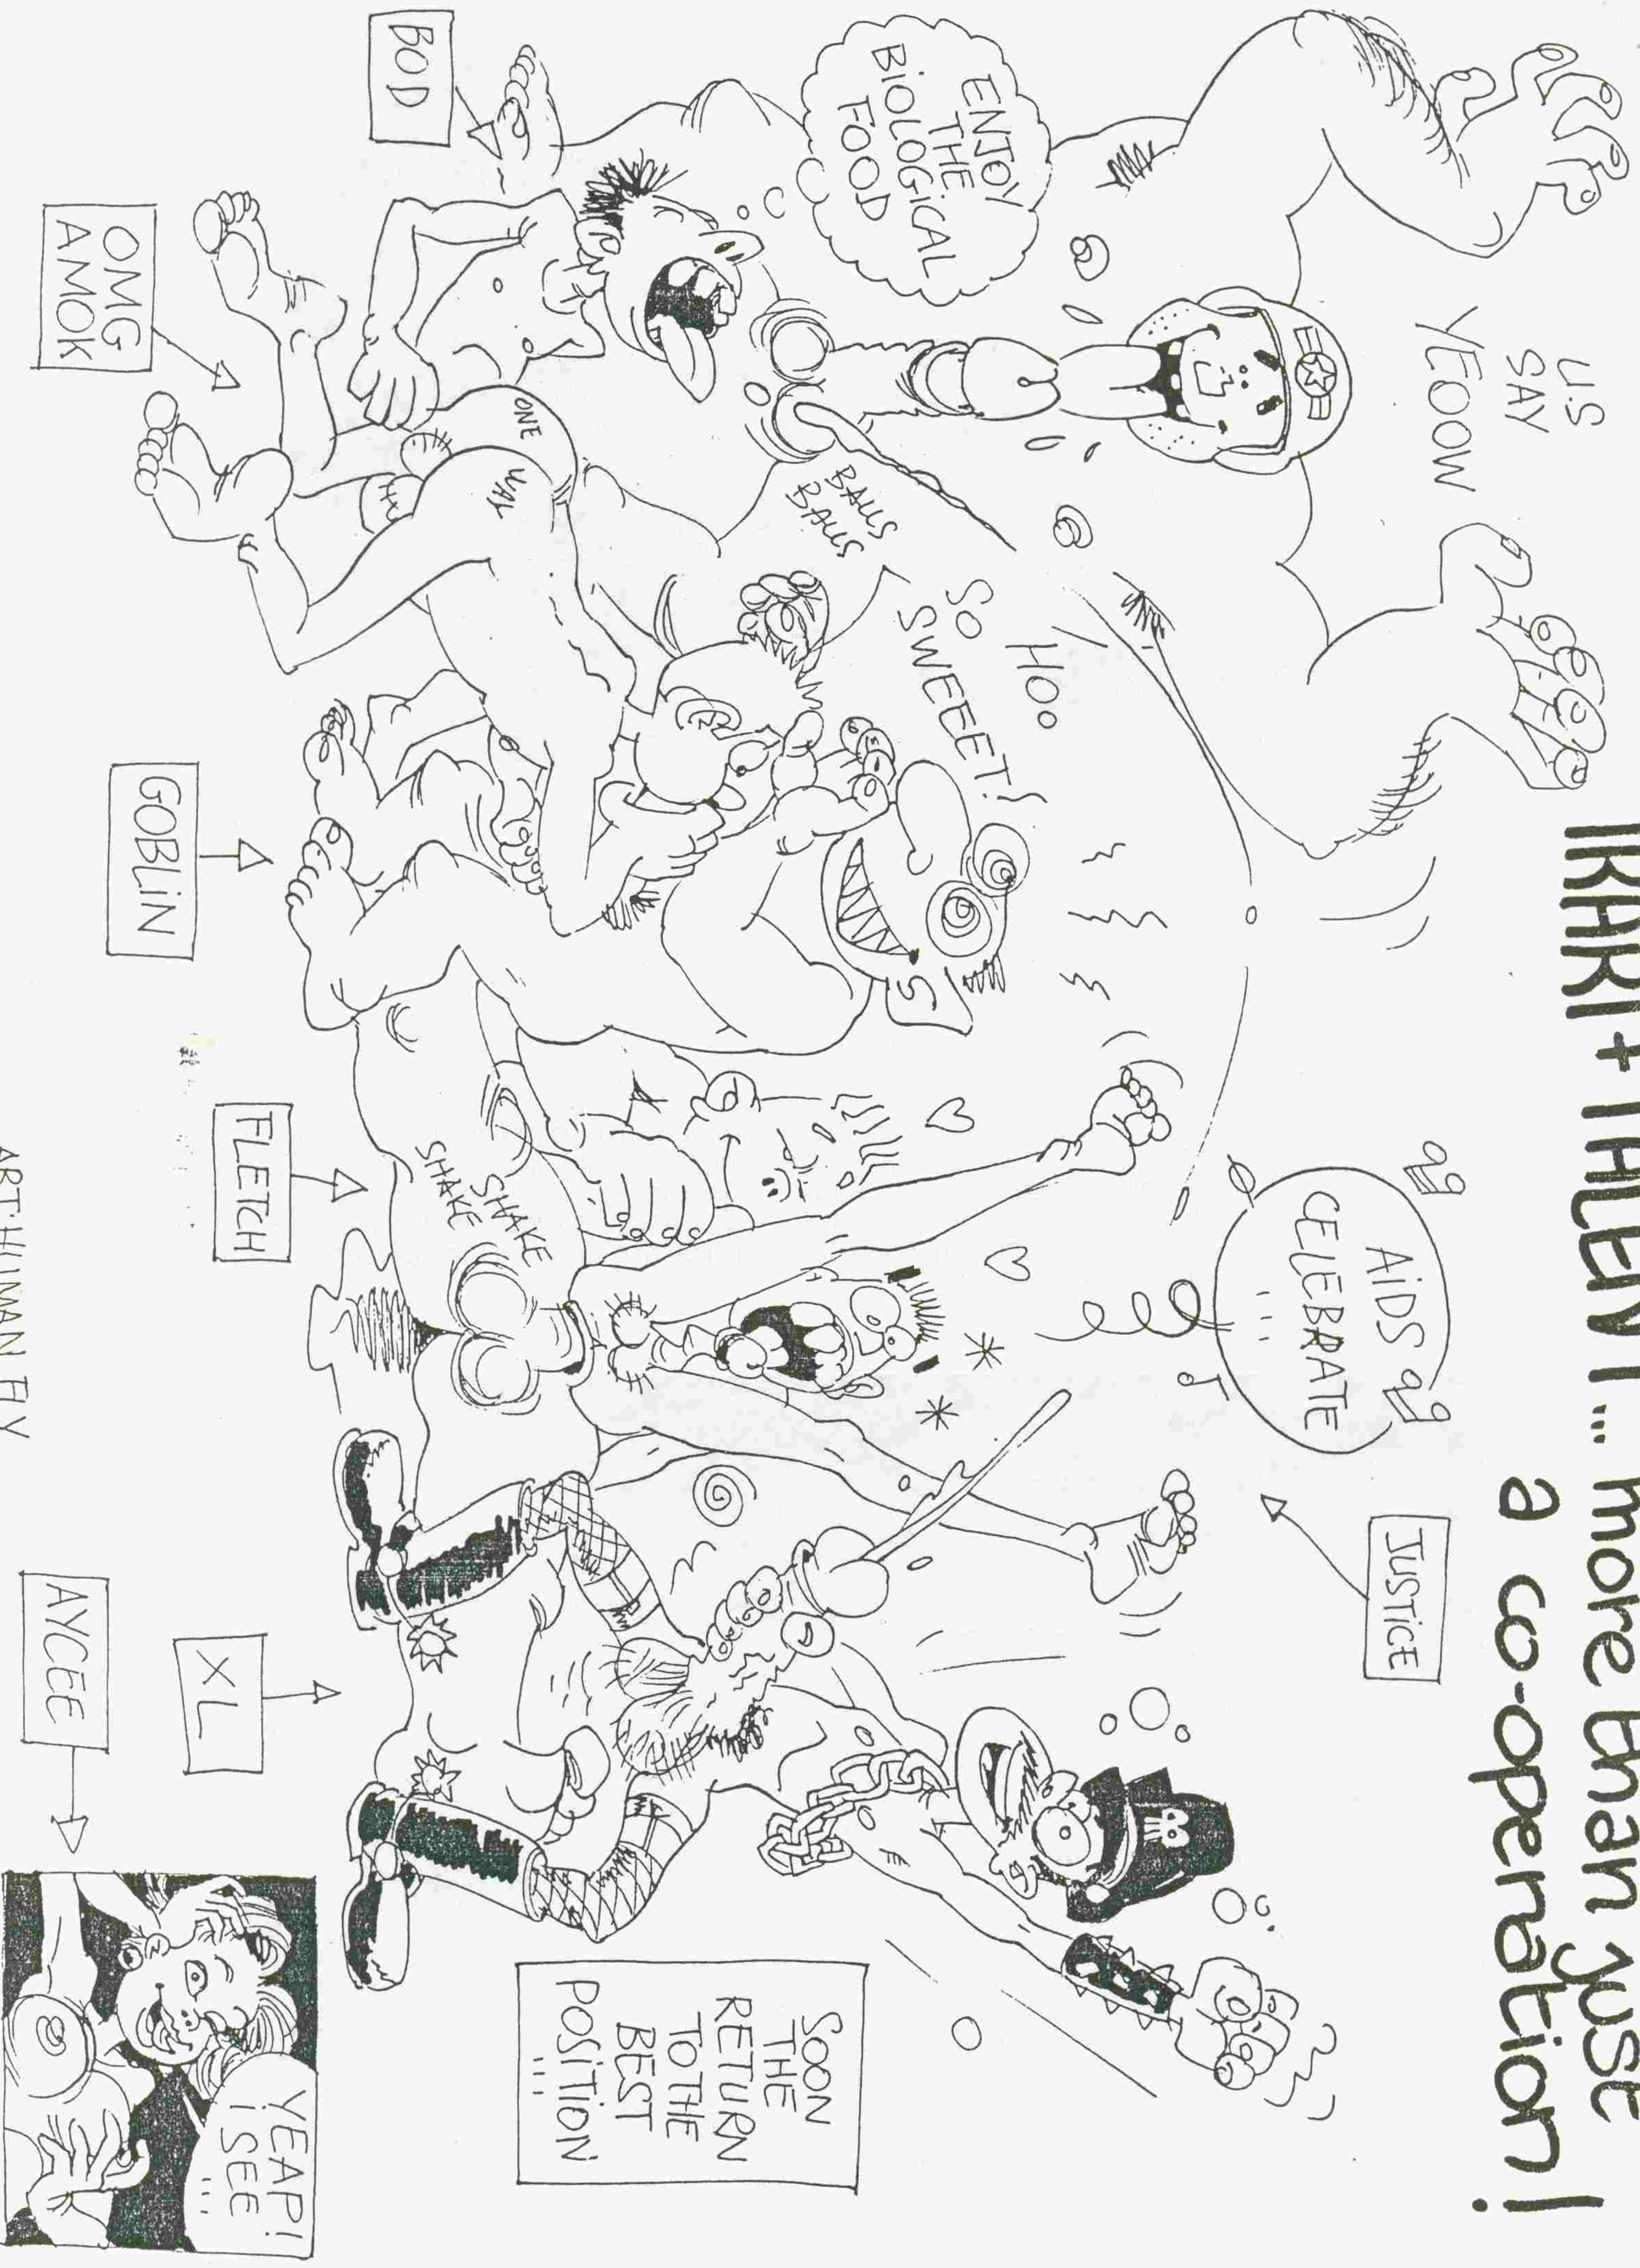

Oh yeah, Christmas then New-year, what parties. I think those are the two nights everyone gets fun! Except may be Legend... Legend trying to make a first release those days, haha dream or reality, who cares about them. Wait, Caroline falls asleep a bit wet, a tepid line pours between her thighs. I'll explain you later if you rekind, but I think you don't need any explanations, isn't it? Ohhh Legend you disappoint me...

After all Legend isn't so fool, I'm sure they do their best to look like this. I doubt in it when I know they are Flemishes.

As you can see on the I-T's poster, some people look like having a real great fun those carousing days. You may wonder what OM G/AM OK and Goblin/GP are doing there, but that's the kind of parties they like to be invited!!! You'll see below on the photo how a Transcom dude defines the real life, that's Kickboxer, you know the hard driver who involved Malibu, Glasnost, him and me in a crash with his Mercedes 230E... Above, Gray and a babe found in the Subotica den of vice, enjoying the warrior's rest, after a sleepless night for them and their neighbours...

IKHARI+IALENI ... more than just a co-operation!
