

TaskBaseItem

```
classDiagram
    class TaskBaseItem
    class TaskProgramItem
    class TaskXrlItem
    TaskProgramItem --|> TaskBaseItem
    TaskXrlItem --|> TaskBaseItem
```

The diagram illustrates a class hierarchy. At the top is a box labeled 'TaskBaseItem'. Below it are two boxes: 'TaskProgramItem' on the left and 'TaskXrlItem' on the right. A horizontal line connects the two bottom boxes, and a vertical arrow points upwards from the center of this line to the bottom center of the 'TaskBaseItem' box, indicating that both 'TaskProgramItem' and 'TaskXrlItem' inherit from 'TaskBaseItem'.
